Finance (Expre. & Pensions)

The proposal to print the leaflets in Tulu locally may be accepted.

2. Under G.O.No. 605 Finance dated 10th August 1929, the expenditure on account of printing at private presses should be debited to 46. Stationery and Printing, with effect from 1930-31. But in para 3 of G.O.No. 840 Finance dated 30th November 1929, it has been ordered (as an exception to the general rule) that the cost of printing in private presses the leaflets etc. connected with the Anti-drink and drug propaganda should be debited to 33.b. Public Health: Miscellaneous - Grants for public health purposes. The proposal to debit the expenditure to 33.b. Public Health in the present case may therefore be accepted.

3. The debit to 33. Public Health instead of to 46. Stationery and Printing does not, however, exempt the Committee from compliance with the instructions in the Printing Manual para 242-245, as regards the procedure to be followed in the matter of printing at private presses. L.S.G. may be requested to draw the attention

of the Committee to these instructions.
